PILL Posters to Provide World's Fair With 1,000,000 Miles of Signboards in the United States and Canada in August---Reception Given in State Building---\$500,000 Paid to Government on Exposition Loan.

A MILLION MILES OF SIGNBOARD ADS

Bill Posters of United States and Canada Offer Free Use of Space to World's Fair,

GOOD FOR ONE MONTH ONLY.

Service to Be Unconditional and Represents a Cost of \$250,000-Proposal Is Accepted by the Executive Committee.

One million miles of billboards all over the United States and Canada free to the World's Fair, without condition or cost, is the generous offer made yesterday by the Bill Posters and Distributers of the United States and Canada and immediately accepted by the Executive Committee of

The offer means that the glories of the World's Fair will be set forth pictorially on one-sixth of the entire available billboard space in the United States and the Dominion, as it is estimated that the total signboard mileage in the two countries

The offer is for the entire month of August. The action was taken yesterdaythe organization in Congress Hall. A committee appointed to wait on the Executive Committee to solve the second of the committee to solve the committee t Poster Day at the World's Fair-at the tive Committee to convey the proposal and to explain that beginning August 1 the organization would post on its billboards the posters of the Exposition witheither for the work of posting or for the use of the boards.

The tender was made in the form of a resolution which was passed almost unanimously. Much of the credit is due to E. J. McAliney of the St. Louis Bill Posting The committee appointed to wait on the Executive Committee consisted of Messrs. R. C. Campbell, John H. Whallen, S. Pratt, O. J. Gude, E. W. Krackwiz, E. Allen Prost and R. J. Gun-

In making the tender the association acknowledged the action of the Fair Company in setting aside a Poster Day, and declared the World's Fair to be worthy in every way of this contribution. The cost of the service thus given free to the Exposition is estimated at \$20,000.
PRIZES AWARDED FOR POSTERS.

Three hundred flaming billboard signs were mounted in Convention Hall yesterday, and a committee of judges viewed them to decide which three are the most 'effective for advertising."

At the hundred-foot temporary signboard on Administration Court posters were put up each hour in the day,

In the contest the Awarding Committee gave the gold medal to the "Sterling Ale" poster, designed and printed by the American Lithographing Company of New York. The second prize, a silver medal, was awarded to a Doctor Pierce Golden Medical Discovery poster, from the Courier Lithegraphing Company of Buffalo,

The bronze medal was won by the Westcott Carriage Company, Richmond, Ind. The company's poster is from the presses of the United States Lithographing Company, Cincinnati, O.

visitors, and will probably be kept open to the public for some time to come. The awards in the Boston Herald contest have not been announced. The bill posters finished their business

the morning with a directors' meeting. The next convention will be beid in July. 1906, in Montreal.

VISITORS REGISTERED AT STATE BUILDINGS.

A phonograph is placed in the south main entrance to the Electricity building and several portable receivers are kept on the exponent action to the premises by way of a rafter or window frame of the building, dropped into the large vase that is eight feet in height. The glazed surface of the interior and the curve of the vase toward the neck precluded the rat's escape.

A lot of scrap papers harmoned.

vase toward the neck precluded the rat's escape.

A lot of scrap papers happened to be in the bottom of the vase, and the rat's effort toward escape was noticed by the employes. For some time it was a question how to get rid of the rodent, and as the neck of the bottle was small, it was found impossible to kill the animal with a long stick.

It was finally decided to tilt the costly trap and kill the rat as he was trying to escape. Four men took the vase from its place and proceeded to tip it over, while an army of employes armed with sticks, brooms and other various weapons await.

an army of employes armed with sticks, brooms and other various weapons await-ed his advent. Fate, however, was with the rat, for the presence of the great number of pieces of pottery rendered it impossible to kill him. ART EXPERT VISITS THE FAIR.

Mrs. Alice M. Horne on Her Way Home From Berlin. Mrs. Alice Mary Horne of Salt Loke City, Utah, arrived at the Exposition yes-

terday on her way home from Berlin, Germany, where, as a delegate to the International Congress of Women, she took

a prominent part.

Mrs. Horne is one of the best-known art experts of the West, and through her instrumentality the Alice art collection of the State of Utah was made possible. This State Art Commission of Utah is one of the most novel movements for the popularization of art study that have ever been instituted, and its influence can be seen in the public school work of the seen in the public school work State in the Palace of Education.

EXCURSION PARTY FROM TOLEDO. Low Rates to the Fair Bring Many Visitors. H. B. Van Sickle, business manager of

the Toledo Newspaper Company, arrived at the Fair grounds yesterday morning at the Fair grounds yesterday morning with a party of 190 excursionists, who have taken advantage of the extremely low rates offered to World's Fair visitors. This is the third party which Mr. Van Sickle has brought to the Fair. Among the prominent residents of Toledo in the party are: M. E. Pffher, George J. Seibs, Leonard Seiss, Fred Jacobs, Thomas De Vilbis, Philip Freind, Mrn. C. W. L. Bachr, Miss Norma L. Bachr, Miss Winfred Routh, Miss Laia Miller, Roy Slick, Mrs. Margarer Boyer, B. L. Boyer, C. E. Miller, wife and two daughters; W. H. Mangus, Jr., E. Morrison, Ray Gillett, Mrs. J. Gillett and Mrs. J. D. Archer.

FREE OSTEOPATHIC CLINIC. St. Louis Poor Will Be Treated With-

At the closing session of the American Osteopathic Association in the Missouri building, yesterday, Warren Hamilton, building, yesterday, Warren Hamilton, secretary of the American School of Osteopathy, announced that at the summer school to be held at the Homeopathic College, Jefferson avenue and Howard street, arrangements had been made for clinic treatments for the poor of St. Louis, the same to be held under the direction of many prominent doctors of the profession who had volunteered their services.

The arrangement was enthusiastically indorsed by the convention.

Mendelssohn's "Elijah," the third fa-Mendelssohn's "Elijah," the third famous oratorio to be rendered in Festival
Hall within a week, will be presented tonight by the Scranton (Pa.) Oratorio Saciety. John K. Waikins is the conductoof the chorus. The soloists are Mrs. A. I.
Epstein of St. Louis, soprano; Miss Janet
Spencer of New York, alto; Mr. HolmCowper of Chicago, tenor, and Gwilym
Miles of New York, bass.

MANY SEE DEMONSTRATIONS OF WIRELESS TELEPHONE.

in the Palace of Electricity.

A wireless telephone is in operation in demonstrations of the marvelous inven-tion are given throughout the day in the

ness for dog meat, scarcity of clothing and their famous dance; but yesterday it was learned that some of them are real miners, and for a long time have been begging to be taken through the Mines building and into the assay department of the Colorado School of Mines.

Ipowen and Polocon, with two of the women, Obleka and Bangusan, prevalled upon C. A. Petiti, assistant to Governor Hunt, to take them for a trip over to the Mines Department. The fact that all members of the village had recently been through the coal mine in the Mining Guich served as a stimulant to the desire of the above-named party to know more of the mining exhibit at the World's Fair, especially since they are from the mining district of Pelota Province, in Central Luzon, and are experienced miners in copper and gold.

At the Colorado School of Mines Doctor

and are experienced miners in copper and gold.

At the Colorado School of Mines Doctor Traphagen showed them the Intest processes of crushing and smelting the gold and sliver ores, and presented each of them with specimens of ores. They then went across to the Mines and Metallurgy building and, all unconscious of the attention they were attracting, expressed their admiration for the gold nuggets in the Nevada County, California, mineral exhibit. These nuggets were given to President Rooseveit last summer while on his tour through the West. At the Colorado mineral exhibit they spent quite a long while discussing the ores in this large exhibit. By the time they were ready to leave the Mines building Polocon had a good cleak and the security of the party. They enjoyed their outing so much that they were leath to leave the Mining Gulch until Mr. Pettit assured them that he would bring them back soon for a long stay in the Mines building.

SPECIAL FEATURE OF HORSE SHOW

Show is the provision made to recognize the merits of horses particularly adapted for the use of fire departments. The rigid requirements in this regard make the demand for fire-department horses constant ly in excess of the available supply, and fire-department chiefs in all parts of the country agree that money can be made in breeding a type of horses suitable for this

The World's Fair Live-Stock Department has provided a classification which will develop the best types of firemen's horses. Chief Mills has had numerous consultations with experts in the needs of firemen, and the section provided for the fire-department horse is a notable step in recognizing the advanced demands for this type of animals.

The Executive Committee of the National Firemen's Association of the United States has recognized the opportunity offered by the World's Fair and notified Colonel Mills of its desire to co-operate in this dispiny. horses. Chief Mills has had numerous

ville, Ill., 106 votes. Both choruses belong to the first grade.

The optional number selected by the Scrantoe Society was "Harold Harfager." a descriptive piece by Horatio W. Parker.

John T. Watkins is the director of this chorus, and Mrs. Richard R. Weisenflue accompanied.

The Belleville chorus, under the leadership of Professor Ludwig Carl, sang as their last piece the "Jubilate," by Max Bruch. Miss Emma Bishop, soprano, was the soloist for this selection. Clarence Tuft was the accompaniet.

The announcement of the award of the six prizes offered by the Exposition will be made this evening in Festival Hall at the rendition of the oratoria "Elijah" by the Scranton Oratorio Society.

TO PUBLISH JAPANESE PAPER. First Number of Edition Printed at the Fair Issued.

The first number of the Japanese-Amertean Commercial Weekly, in the Japanese and English languages, which is to be

and English languages, which is to be published at the Exposition, was issued yesterday. The paper is published at New York by Mr. Hoshi, author of the book, "Japan and the Japanese Exhibits at the World's Fair," and a World's Fair souvenir edition will be issued each week at the Paiace of Liberal Arts.

A complete Japanese composing-room has been installed there by Mr. Hoshi. The type is set by Japanese workmen, who use several thousand Japanese and Chinese characters in setting the Japanese section of the paper, the remaining eight pages before in well-worded English set on a linetype. The first number contains many fine pictures of the Exposition and of prominent Japanese, and is filled with advertisements. Japanese and English. The press work is done on the Michie presses, the folding on the Polipee folders, the stitching on the "Perfection" stitchers, and the trimming on the Seyboid trimmers, all exhibited in the Liberal Arts building. The printing of the Commercial Weekly each week will be one of the most interesting of the process exhibits shown at the Exposition.

FILIPINOS TO CALL ON FRANCIS.

FILIPINOS TO CALL ON FRANCIS. Honorary Board of Commissioners Will Visit the Fair To-Day.

The Honorary Board of Filipino Com-nissioners will leave the Hamilton Hotel missioners will leave the Hamilton Hotel this morning in a body to pay an official visit to President Francis and the members of the National Commission at the Administration building.

Arriving at the Administration entrance at 11.39 the Commissioners will be met by Doctor W. T. Wilson, Doctor Leon Ma Guerrero, Doctor Guatavo Neideriein, Mr. E. A. Felder, Exposition officials, heads of departments of the Philippine section, and the scouts and Constabulary with their bands. After the call at the Administration building the party will proceed to the reviewing stand on the Constabulary parade grounds, where it will review the parade of the Scouts and Constabulary.

After this, the Commission will be officially welcomed to the Philippine grounds, by Doctor W. T. Wilson, chairman of the Philippine Board, Doctor Guatavo Niederlein and Doctor Leon Ma Guerten, in short addresses, to which responses will be made by T. H. At 4:30 p. m. the Philippine Scouts, commanded by Major William H. Johnston, will give a dress parade on the Plaza St Louis.

PAYMENT ON LOAN MADE IN ADVANCE

Exposition Company, Through Bank of Commerce, Turns Over \$500,000 to the Government. |

The Louisiana Purchase Exposition yesterday turned in \$500,000 cash into the Subtreasury of the United States at St. Louis as its third semimonthly installment of the \$4,600,000 Government loan. This makes 1808,149.55 which has now been paid, or nearly one-fifth of the whole amount. This money was paid into the Subtreas-ury through the Bank of Commerce in its regular day's transaction. The money

nearly one-fifth of the whole amount.

This money was paid into the Subtreasury through the Bank of Commerce in its regular day's transaction. The money was not in large bills, it being simply included in the ordinary business of the bank.

Thomas J. Akins, the Subtreasurer, said that he had no knowledge of the sources from which this payment was derived.

"On certain days we receive a telegram from the Treasury Department at Washington," said he. "that the Exposition Company must pay us a sum of money not less than \$60,000, and requesting that we notify them whether the payment has been made. The accounting is done between the Bank of Commerce, presumably, and the Government. Our duties end when the \$50,000 is paid.

The detailed statement of the sources from which the gross receipts of the Fair are derived, according to the law authorizing the loan to the Exposition, is due on the day that the semimonthly payments are due. In the case of yesterday's payment, however, the installment was turned into the national Treasury by the Exposition management a day in advance. Secretary Sievens explained yesterday that, owing to this fact, a detailed statement of the gross receipts had not been filed with the payment. The payment is not really due until to-day, as the law requires 40 per cent, or a minimum of \$501,000, of the gross receipts from July 1 to July 15, inclusive.

The satement will be prepared by the auditor of the World's Fair and filed with the Assistant Treasurer at the earliest possible date, probably Monday.

AVERSE TO BEING PHOTOGRAPHED.

AVERSE TO BEING PHOTOGRAPHED.

Pygmies, Misinking Surveyor's Transit for Camera, Run to Cover. The pygmies who are quartered near the graphed. An amusing incident was witnessed by visitors at their camp yeaser-day morning, caused by the passing of a member of the engineering department with a transit. The pygmies mistook the instrument for a camera and at once climbed down from the fence where they were sunning themselves, went into the tent and no peraussion or bribe could in-duce them to come out until the engineer had passed out of sight.

Denver Choral Singers. The Denver Choral Society gave a special concert in Pestival Hall last night. Gwilym Thomas is the conductor. The programme included a cantata. "The Vikings," and the Hallelujah Chorus from Handel's "Messiah," with "The Star-Scargied Banner."
